

“When my Grandmother was diagnosed with Alzheimer’s disease, I brought her home to live with us. At the time, I was the director of a major home health company in St. Louis, and my Grand- mother needed care 24 hours a day. I thought I could do it all, but I couldn’t. I needed help.

None of us ever plan on needing help or bringing a stranger into our home. I think about this every time I interview a potential employee. I ask myself... Would I want this person in my home with my Grandmother all day?

My hope is that you will have the same wonderful experience as I did by having caring, loving, and conscientious caregivers in your home. I want our Angels On Duty to not only meet your expectations, but exceed them.”

Sharon Vermilye, R.N.  
Founder/President
